Marissa Muennink is responsible for assisting contractors and architects in obtaining commercial building permits from the City of San Antonio and surrounding areas. She is the project lead for various types of projects and juggles multiple projects with different project teams. Her hospitality background, coupled with her attentiveness to detail, dependability, and perseverance, helps PDI to stand out as a professional, helpful, knowledgeable, and customer-service oriented company.

She has an in depth knowledge of the permitting process, which allows her to submit for permitting in a timely manner. This knowledge also helps her to communicate the reviewer's comments to the clients efficiently and intelligently.
